Live Show Feedback

What's up out there in the magical world of Chuck E. Cheese's? Oh, I know…A WHOLE LOT! I hope all of you are having a good time entertaining our guests, doing great Birthday parties and Live Shows. We're hearing good things, so keep up the good work!

Speaking of Live Shows, we've produced a brand new one for you. It's a fun and energetic song called "Jumpin'." Oh, yeah. It's written in such a way to lend itself to some fun easy choreography…and interaction with our guests. What kid doesn't like to jump?! Even the verses are fun, too! Once you hear the song I'm sure you'll have some great ideas for dance moves and how you'll perform for your guests.

This brings up a thought. How many of you would like to receive some form of 'choreography' suggestions from the Entertainment Department? And, how would you like to see that come to you (what format)? Would you like it as a separate DVD that you play in your break room? Or VHS? Or would you like it integrated into your show so that you can pull it up as an option? This way, when your store is closed, you could actually watch it and practice in the show room? Maybe it's a QuickTime movie that's available online…or downloaded to your store, or whatever. Or maybe you've got a better suggestion of what you want and how you want it.

Does it sound like I'm fishing? Well, I am. Please give some thought to it and then let me know what you're thinking. E-mail me directly at rgotcher@cecentertainment.com. Being the Director of Entertainment, it's important for me to know how to get you what you need; and what better source to find out that need than to go directly to you? Please take this opportunity to give me some feedback. I look forward to hearing from you.

Sincerely,

Robert Gotcher
Director of Entertainment

Testing your Show

"Testing, testing, 1, 2, 3!" Ever heard that before? If you've ever been to a concert, a performance, or even some sort of event with a P.A., I guarantee you've heard it (even if it's been on T.V.). Why do they do this? Simple…they're testing the sound system to see if it works. Now what's critical is that they do it BEFORE the main event. It's the same way with a new show from Dept 18. How's that, you ask? Again, it's simple. As soon as you receive a new show, test it right then. If it works, great! If not, then you're still in the warranty period and can get a replacement…FOR FREE! Yes, it's true, we guarantee our shows to work 100% or the replacement is free. However, this guarantee lasts only 7 business days. So, with that in mind… "test, test, 1, 2, 3!"

Michael Hill
